Regarding support for nation-based decks

For clan-based decks so far...

Direction for Vanguard has been "to support all 24 clans at least once a year"

- Leads to long periods between each time a clan gets support
- Few chances to enjoy upgrading your deck

For nation-based decks from here on...

All five Great Nations can be included in a single booster, so each booster will support all the nations!

- More chances to enjoy upgrading the decks you have!

カードファイト!! ヴァンガード オーバードレス

— Summary —

Third-year middle school student Yu-yu Kondo (15 years old) lives in Kanazawa city of the country of Kaga.

Today, Yu-yu's making delicious breakfast for his family as well, but he actually has the ability to read the heart of other individuals.

Being unable to reject requests, Yu-yu often gets caught up in his sister's hobbies. When Yu-yu could no longer bear it and ran away from home, he was saved by Megumi Okura. Megumi invites Yu-yu to the "Night Amusement Park" where her friends gather.

The amusement park that Yu-yu was invited to is where many youths of the Vanguard-centric group "Team Blackout" gather, including Zakusa Ishigame, Megumi Okura, and Tomari Seto the policewoman who moonlights as the Screaming Fight MC at night. Also, tonight is the night where the teams are having a serious fight with their team flag on the line. Blackout's Leader, Danji Momoyama (who has 20 consecutive cardfight wins) will fight against the mysterious powerhouse fighter, Tohya Ebata.

The cardfight gradually transforms into a scene on planet Cray before Yu-yu's eyes. And this is how Yu-yu encounters Vanguard and was drawn in by the appeal of Vanguard and the world and friends he had never seen before.
