TURN 3: Blue Wave Marshal Valeos

“Blazing Sword, Fides” was completely destroyed by the hands of Valeos, a member of the Apostles! Zeroth Dragon has also made an appearance! Good job! I have witnessed your loyalty and determination!

“Valeos’s Past”

転載禁止

Valeos was the general of Aqua Force and a warrior of justice. However, through the fight with Gyze, he finally found his answers to “Justice”.

“The true justice will occur only in the world of void where everything is destroyed”

“To save the World” is to “Destroy the World”.

That is the belief and justice of Valeos.

“Valeos’s Past”

And thus, Valeos pledged his loyalty to Gyze. Although his army was sealed away by Messiah, his tenacity and anger brought him back to the current World. However, it seems that there are rebels in his army that deny his justice.
